Product	Midra 4K Simulator
Date	October 03rd, 2023
Version	1.5.3

The version (s) indicated here above has (have) been tested and validated by the QA Department.

Technical Notes:

Warnings

- **Do not use LivePremier Simulator and Midra 4K simulator simultaneously as erroneous behaviors may be encountered.**

- **When simulating Midra 4K firmware v2.0.20 and above:**
  - **If the Basic Authentication feature is enabled without changing the password, the default password is the MAC address 11:22:33:44:55:66**

- **When simulating Midra 4K firmware v2.1.41 and above:**
  - **Do not disable both HTTP and HTTPS servers in the Remote Control settings of the device as it will result in the permanent loss of the session.**

New Feature

- This update is integrating the simulation of Midra 4K firmware v3.1.51
- It is now possible to select and download only the needed version package to optimize the download size of the simulator. For mor information please refer to the latest QSG
